

FOR OUR CHURCH FAMILY

The trip you were already taking can support our church.

Every vacation booking pays a travel commission. It is built into the price whether or not an advisor is involved, and it is paid by the cruise line, resort, or tour operator — never added to your bill. Book through Steward Travel and roughly 5% of your booking goes to our church instead of a booking site. You pay the same price you would have paid anyway.

The money exists either way. Only the destination changes.

It costs you nothing

Same price

Suppliers set one published price. Advisors cannot undercut it and do not mark it up.

Same promotions

Kids sail free, onboard credit, free gratuities, seasonal sales — those belong to the fare, not to the website you book on.

Same points

Hotel points and elite nights post as normal on most rate types. You will hear about the exceptions before you book, not after.

What your trip would give
